Appearance / Colour	Straw-coloured liquid
Shelf Life	36 months in original unopened containers.
Storage Conditions	Store in original container away from frost (+5°C to +30°C) in a dry area.
Density	ca. 1.04 g/cm ³

APPLICATION INSTRUCTIONS

APPLICATION METHOD / TOOLS

For use in accordance with BS7593:2006. Unless completing annual top up, for best results pre-treat the system with EVERBUILD® P11 SYSTEM CLEANSER prior to adding EVERBUILD® P14 SYSTEM INHIBITOR.

1. Locate the central heating feed and expansion tank.
2. Shake the bottle and pour contents into the tank.
3. P14 is gradually drawn into the system and provides full effect within 1-6 weeks.
4. Bleed radiators after 2-3 days and again after 2-3 weeks.

Alternatively EVERBUILD® P14 SYSTEM INHIBITOR can

be added via a partially drained radiator.

LIMITATIONS

- Use only as directed.
- Only suitable for fully indirect systems.
- Not suitable for use in PRIMATIC single feed cylinders.
- Central heating systems should be protected with EVERBUILD® P14 SYSTEM INHIBITOR.

VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
